ASCA CLASSES

REGULAR class: The ASCA Regular class will consist of a designated sequence of 14-20 ASCA approved obstacles. Clean runs within the standard course time are awarded 10-point qualifications. Runs that do not accumulate more than five time and course faults qualify. Qualifying runs with no faults receive 10 points; runs with no more than five faults receive 5 points.

JUMPERS class: The ASCA Jumpers class is primarily composed of single jumps, but may also include one double bar jump, the tire jump, one closed tunnel (chute), and/or open tunnels. The course consists of 12-20 obstacles. Speed is of essence in the Jumpers class, and teams must have a clean run with no time faults in order to qualify. Qualifying runs receive 10 points.

GAMBLERS class: The ASCA Gamblers class is the “Old-Style Gamblers” with point accumulation period, immediately followed by a gamble sequence. Qualifying runs receive 10 points.

Accumulation Period. All dogs are allowed 30 seconds in the accumulation period. Each type of obstacle is assigned a point value and teams must accumulate a minimum number of points in the accumulation period (Novice-15 pts, Open 18-pts, Elite-21 pts). During the accumulation period the handler directs the dog over a course determined by the team. The dog may not perform the gamble sequence or any segment of the gamble sequence in order, however they may perform the obstacles individually or in the reverse sequence. Note that if a bar on a gamble obstacle is knocked down during the point accumulation period, the dog cannot receive credit for performing the gamble sequence.

Gamble Sequence: The Gamble sequence is composed of 4 required obstacles and sometimes a 5th optional obstacle. The gamble period begins immediately at the end of the accumulation period. In the gamble period, dogs must perform the 4 obstacles in the designated sequence within the designated time, with handlers remaining behind a “gamble line”. Teams will not qualify if the handler crosses the gamble line or if a bar is dropped during the performance of the gamble.

ASCA membership does not have to be maintained in subsequent years.

FREQUENTLY ASKED QUESTIONS

Do I have to have a QT number to compete?

- You do not need a QT number in order to compete in Agility or Stock, unless you want to earn ASCA titles.
- You will need a QT number to enter an Obedience Trial, Rally Trial, or Tracking Test.
- Your dog does not have to be a purebred to receive a QT number from ASCA.

Why would I need or want a QT number for my dog?

If you would like your dog's points recorded by ASCA, and receive title certificates in the mail for your accomplishments, you will need to obtain a QT number.

What is the total cost for a QT number?

In order to obtain a QT number for your dog, you must be a member. The cost for a basic Service Membership is **\$10 per owner** if not already a current member.

- Your membership is good for one year and does not need to be renewed unless you want to obtain another QT number for another dog after your membership has expired.

This membership fee is in addition to the QT number fee of **\$10 per dog**.

A QT number is good for the lifetime of the dog. If you only have one dog, the total cost would be **\$20**. For two dogs, the cost would be **\$30**, etc.
